

# Amel Larrieux, Dear To Me

As gravity is to every human being  
As the earth is to the trees  
I couldn't drift away from your love because it's  
Implanted in my memory

If there was some uncertainty

Your dear to me  
You know who you are  
You're always here with me  
You know who you are  
You're dear to me and i hope you know who you are

Watching you slumber draen to the splendor  
Of your face  
When it's completely still  
Standing under the flood of your laughter  
Into every cell in me you spill

After you everything else is weak

[Chorus]

It's out of , out of my hands you see

[Chorus]
