

# Amel Larrieux, Down

Down where I'm going  
Down cause you dance me around  
And you're too busy to see  
Down boy did you let me down  
There's a permanent frown where my smile used to be

Pride has kept me from crawling  
But sorrow is constantly calling  
'Cause you are a man who's not falling for me  
Down I'm a fool of the tongue  
Someone sendin' the clouds bad songs about me  
Carelessly I let you saunter in and out of the chambers of my heart  
The sky's as ...  
Heartlessly and much too much again  
You quickened your steps as you left  
And that's where my soliloquy begins

Down ...  
You're the wolf on the bound  
I'm a helpless sheep

Carelessly I let you santer in  
And out of the chambers of my heart  
Disguised as a gentleman  
Heartlessly and much too much again  
You quickened you steps as you left  
And that's where my soliloquy begins

Down my heart makes not a sound  
It's somewhere on the ground  
Breaking me...
