

# Amel Larrieux, Magic

We're Thoroughly Spent  
Them Bills Are Stacked Up  
The Budgets Bent  
And Our Credits Jacked-Up  
People Can't Take It  
They Straight Settin' Fires  
Not Tryin To Make No Trouble  
Just Wanna Get Hired

The Stress Level's High  
And The Moral's Low  
And When It's Lookin' Like It's About To Blow  
Your Mind To The Moon  
Stop What You're Doin'  
Tap Into Your...

[Chorus:]  
Magic  
Feels Good Soon As You Add It  
If You Forget You Had It  
Well, It's Right Where You At Kid  
Reach Into You And Drag It Out  
I'm Talkin' Bout That Magic  
However You Can, You Must Grab It  
Jump, Sit, Sing, Laugh It's  
Magic

Were We Just Born To Work  
Rather Born To Live  
Still Paying For Your Education  
When Your Sixty-Six  
Mothers Feel Pressure To Choose  
Fathers Don't See Their Kids  
Lovers Can't Remember  
The Last Time They Kissed

The Stress Level's High  
And The Moral's Low  
And When It's Lookin' Like You're About To Blow  
Your Mind To The Moon  
Stop What You're Doin'  
Tap Into Your

[Chorus]
