

# Amelle, Summertime

You are the one who brightens up the day  
You're always there to take my pain away  
Yeah yea-yeah, you're my summertime  
Oh lord, you are the one  
You are the light of summertime

You shine so bright, the stars at night  
Beautiful girl, you're my summertime  
You're the one help me see the sun  
Angel from above, give me faith  
Can't believe you're my summertime  
You carry me when knees were weak  
And it's dread to leave you're my summertime  
You're the one help me walk around  
Tell me I could be anything I want  
So, you're my summertime  
La-la-lay-la la-la-lay-la  
La-la-lay-la la-la-lay-la  
You're my summertime  
La-la-lay-la la-la-lay-la  
La-la-lay-la la-la-lay-la

You are the one, girl you're in my dream  
You're beautiful, from my side deal with it

You are the one, you gave me faith for the summertime!  
Girl you're living life, let them people on the way  
If only they had known that they met an angel on that day  
Couldn't have done this without you, done this without you girl  
Swept that black dark from me, where there is will there's a way!
