

Amen, Fevered

A nation of fools a nation of lies
1000 fools for 100 lies
believe nothing that I tell you
believe nothing that I say

Fever. Got you Fevered

Going down on everything I wanted
I'm sucking off anything diseased
This that this and that this and that
Bombing every fear I need

Fever. Got you Fevered

Can't you feel the bombs around?
Coming home and falling on you
Get it? Get it? Get it? Get it? No Get you fevered
