

Amen, The Waiting 18

I live off poison
And thats O.K
Cause I can't do waht I can do here
I Lick the poison
But I don't care
Cause I'm bored and Fuckin Scared
We can make the bombs Wecan make them right
We can live your lives sinkin dynamite
We can get the knives at the liquor stor
We can make the knives go nationwide
My medication never lies
I live off drugs
And thats a joke
I never know everything I took
Why can't I make
Your New Year
Without a facial+a tear
We can make the bombs we can make them right
We can live your lives sink in dynamite
cause of 18. 18. 18
No life did you know what I mean
cause of 18. 18. 18
No life did you know what I mean
I got the mans disease
In here
Can't look....(????)
Every Eye hash...ha...
Hit
We can make the bombs we can make them right
We can live your lives
Sink in dynamite
Cause of 18.18. 18
No life did you know
what I mena
Cause of 18. 18. 18
No life did you know
What I mean
Just get me out of here
The waiting 18
18
the waiting 18
Get me out of here
