

# Amen, Too Hard To Be Free

Your so bad your never gonna take it  
Too bad no one's gonna stay here  
It's too hard to be like everyone else sir.  
Come here cause I could probably stay here  
Now to be free  
A new house of disease  
It's too hard to be free  
Take everything you need  
It's too hard to be free  
Take what you want from me  
I watch the world and they can fake it  
Pictured now I'm never gonna break it  
It's too hard to be like everyone else sir  
What you want? Waht you wanna make it?  
Now to be free  
A new house of disease  
It's too hard to be free  
Don't wanna be the only boy  
Cause I don't want to be nothing left destroyed  
Don't want to condensend+Never take it  
I'm here just to see you fake it  
Cause I sit by the window+watch you destroy it  
Now  
To be free  
A new house  
Of disease  
It's too hard to be free  
It's too hard to be free  
This time
