

# Amen, Unclean

I got solution I got the grip  
I got to change I got the sickness  
Lusting faces green and red  
The cash is burning holes in my head

This is the murder train  
This is the murder train  
Powered on these lives that feed  
Lives falling unclean

Rats in paradise

I got solution I got the grip  
I've got to change I've got the sicknesss  
Positive for all to see  
These lives fallen unclean

I am unclean  
Take it up the backside, unclean

Rats in paradise

I am unclean  
Take it up the backside unclean  
I am unclean  
I am unclean  
You not the whore  
I am. Unclean.
