

# Amen, Under The Robe

If I could take this skin off  
I'd trade it for your riches  
I'd just watch the sick turn  
Into the witches

Well I sit and wait  
A call of arms to the bodies deceived  
Well I just sit and wait  
Till your eyes believe in little school

S.O.S.  
Paranoia pays for your freedom  
Paranoia pays..

Well I just sit and wait  
Everybody frees them  
Just how does it feel?  
Cause I just sit and wait  
Everybody frees them  
Till the boy's filled

We don't need no more of your observations  
Cause we sit and hide under the robe  
We don't need no more of your observations  
We just feel alive under the robe

The liberation posted up the signs  
And every girl in this fuckin' house is on the pill  
I had to turn my fucking skin  
Inside out just for you  
Said sit and wait thought you're gonna make some  
Fuck pig like you  
Said I'm the sick one baby?  
With the right abuse in little school

S.O.S.  
Paranoia pays for your freedom  
Paranoia pays..

Don't read the signs  
Eveybody frees them  
The signs  
Everybody feeds them  
No sign  
Everybody frees them  
No sign

We don't ned no more of your observations  
Cause we just sit and hide under the robe  
We don't need no more of your observations  
We just feel alive under the robe  
Paid for...  
Paranoia pays for your freedom  
Population pays...  
Paid for...

S.O.S.  
We're under robed  
To pay for freedom  
We're under robed  
That paid for freedom  
We're under robed  
That'll pay for  
That'll be the robe

And with your freedom  
Freedom  
Punish that pig
