

America, Emma

I was falling for some time
Passing others, as they'd climb
In a moment very clear
You seemed to beckon, come here dear

Emma, sure as the sun's shining on you
I can tell I'm in your spell
Emma you're the one, oh

If they ever change your mind
Try to leave it all behind
If there ever comes a time
You go your way, and I'll go mine

Emma, sure as the moon circles over
Heaven knows, that's how it goes
Emma you're the one, oh

I can tell I'm in your spell
Emma, you're the one, oh
Emma, Emma, Emma ...
