

# American Head Charge, Different

I'm chewing my tongue  
It makes it so numb  
My lower coverings  
House many children  
So many piercings  
I can't stop bleeding  
Trails are all I see  
Can't help being me  
I am so cool  
So fucking different  
I am so cool  
So fucking different  
We're all the same  
So very different  
So fucked up we drool  
It's all the same  
So many tweakings  
I can't stop peaking  
My fucking parents  
After school meetings  
I've got not future  
Won't even try  
I'm failing at life  
Get high and then I die
