

American Head Charge, Different

I'm chewing my tongue
It makes it so numb
My lower coverings
House many children
So many piercings
I can't stop bleeding
Trails are all I see
Can't help being me
I am so cool
So fucking different
I am so cool
So fucking different
We're all the same
So very different
So fucked up we drool
It's all the same
So many tweakings
I can't stop peaking
My fucking parents
After school meetings
I've got not future
Won't even try
I'm failing at life
Get high and then I die
