

# American Head Charge, Dirty

It's been after me  
In this place  
A pleasant threat perfect void  
Stuck in modality  
With all this damage beyond repair

When all our time fades away  
Just like everything else  
That proves that we are

Dirt

Stay  
Now just in case  
Selfish trials  
Keeps stopping to  
Drag me down  
I'm losing bliss  
As if all your hands  
Could keep me clean

When all our time fades away  
Just like everything else  
That proves that we are

Dirt

I can't see where I've gone wrong  
All our times fade away  
That proves that we are

Dirt  
If all our times fades away  
It's proof we're dirt
