

# American Heartbreak, Idiots on Parade

Bought yourself a red nose  
A stupid pair of shoes  
You're so dumb and you know it  
What you gonna do

Everybody laughs at you - Spits in your face  
Falling for your photograph  
Step on up and take a look at the

Idiots on parade - We're the idiots  
We're the idiots on parade - We're the idiots  
Made you a star before you learned to crawl  
We're the idiots on parade - We're the idiots on parade

Don't you wanna go now  
What you going through  
You're so old and you know it  
Time's flashing by again

Everybody laughs at you - Spits in your face  
Falling for your photograph  
Step on up and take a look at the

Idiots on parade - We're the idiots  
We're the idiots on parade - We're the idiots  
Made you a star before you learned to crawl  
We're the idiots on parade - We're the idiots  
On parade, on parade, on parade  
Two idiots like me and you

Don't you wanna go now  
What you gonna do  
You're so dumb and you know it  
What you gonna do

Everybody laughs at you - Spits in your face  
Falling for your photograph  
Step on up and take a look at the

Idiots on parade - We're the idiots  
We're the idiots on parade - We're the idiots  
Made you a star before you learned to crawl  
We're the idiots on parade - We're the idiots  
On parade, on parade, on parade  
Two idiots like me and you
