

American Heartbreak, Seven Time Loser

Why do you get paid
You're a daytime disgrace
Playing the roles that they
Design for cunts with brains

Don't you want to come along
Get so high and feel so alone
Baby, just go away

Seven time, seven time loser
Seven time, seven time loser
Don't you want to come along
Get so high you feel so alone
Baby, gotta go away

Why die in shame
And you still play the game
Suffer thoughts that burn
Waiting for your turn

Don't you want to come along
Get so high you feel so alone
Baby, gotta go away

Seven time, seven time loser
Seven time, seven time loser
Don't you want to come along
Get so high you feel so alone
Baby, don't go away

Don't you want to come along
Get so high you feel so alone
Baby, gotta go away

You're a loser baby, seven time loser
(Repeat)

Don't you want to come along
Get so high you feel so alone
Baby, gotta get away

Seven time loser,
Seven time loser,
Seven time...
