

# American Juniors, One Step Closer - American Juniors

I've been waitin'  
such a long time just tryin' to get through  
and its takin'  
all of my strength to keep me here, away from you.

It doesn't matter just how long it takes  
Nothing changes when we're apart  
It's just a little bit longer, we've come this far!

One step closer to heaven baby  
Means one step closer to you  
There'll be no more livin' without you baby  
I'm counting each minute 'till I'm back to you  
One step closer to heaven baby  
Hold on! Hold on! Hold on to my lovin'!

I've been savin' every little bit of my love for you  
I've been dreamin' just to get by,  
its so exciting, fantasisin'

It doesn't matter just how long it takes  
Just to know we're back together  
And this time .... it's forever!

One step closer to heaven baby  
Means one step closer to you  
They'll be no more livin' without you baby  
I'm counting each minute 'till I'm back to you  
One step closer to heaven baby  
Hold on! Hold on! Hold on to my lovin'!

It doesn't matter just how long it takes  
Nothing changes when we're apart  
It's just a little bit longer, we've come this far!

One step closer to heaven baby  
Means one step closer to you  
They'll be no more livin' without you baby  
I'm counting each minute 'till I'm back to you  
One step closer to heaven baby  
Means one step closer to you  
They'll be no more livin' without you baby  
I'm counting each minute 'till I'm back to you  
One step closer to heaven baby  
Hold on! Hold on! Hold on to my lovin'
