

American Juniors, United We Stand

(girls)

Theres no where in the world that I would rather be, then with you my love

(boys)

And theres nothing in the world that I would rather see, then your smile my love

Chorus-

For United we Stand

Divided we fall

And if are passionate would be against the war

We'll be together, together

You and I

(girls)

And if the world falls apart my love, would i still be here

(boys)

And if the going ever gets to hard, along the way and you thought i win

Chorus-(2X)

For United we Stand

Divided we fall

And if are passionate would be against the war

We'll be together, together

You and I
