

American Steel, Hurtlin'

I know that you've been lonely
And I've been losing my mind
Hurtlin' down the highway
In this Ford Econoline
Everything's alright now, babe
More than you know
We drive all night, gal
Cause I'm coming home
Yeah, it's alright now, babe
More than you know
We drive all night, gal
Cause I'm coming home to you
I'm hurtlin' home to you
I know you've waited for me
And I've been loyal to my heart
Ten thousand miles, baby
Can't tear our love apart
Everything's alright now, babe
More than you know
We drive all night, gal
Cause I'm coming home
Yeah, it's alright now, babe
More than you know
We drive all night, gal
Cause I'm coming home to you
I'm hurtlin' home to you
