

American Steel, Parting Glass

Times like these are fleeting at best
to hell with the rest
trust is like suicide

what I mean to say is you don't have a choice either way some things were said but that's okay the

Fill up the parting glass

up off your ass it's time

to make what we have last goodnight I love you still

Turn out the lights the party is over

if you sleep

Sweet dreams

Drink all night and sleep all day and i wake up just in time to work away - I'm out the fucking door -

Fill up the parting glass up off your ass

it's time to make what we have last

Good night I love you still

turn off the lights the party's over
