

# Amerie, All Roads

When i least expect it  
the unexpected  
when i wasn't looking  
when i had no hope

when i stop believing  
when i lost my place  
it was there i found you  
and i found my way

all roads lead to you  
no matter where i am  
i know that you are standing by my side  
all roads lead to you  
no matter where i've been  
i know you've always been my guiding light

and how'd you know that  
i'd be here with you ( here with you)  
how did you see that nothing could replace ya (nothing's gonna replace you)  
cuz no matter where i turn  
yes it all came back to you (you)  
and no matter what may come  
i know that you'll be here to see me through

all roads lead to you  
no matter where i am  
i know that you'll be standing by my side  
all roads lead to you  
no matter where i've been

i know that you have been my guiding light

i search to find  
high and low  
for something that was missing  
it took some time  
for me to see  
just where my life was leading  
no looking back  
a new beginning's waiting  
and now i know  
i never ever have to be alone

all roads lead to you  
no matter where i am  
i know that you'll be standing by my side  
all roads lead to you  
no matter where i've been  
i know you've always been my guiding light

all roads lead to you  
all roads  
i know you've always been by my side  
all roads lead to you (i know)  
i know it  
i know you've always been my guiding light

oh yeah  
oh yeah  
all road lead to you
