

# Ameriken, Ignorant

Verse 1 (0:11)

Why am I astray, a thousand miles from home,  
I'm Lost in this wreck, lost and alone,  
There's something inside that be dragging from depth,  
A weight on my heart this reminder of death,  
Sometimes I ignore it, can't I live my life,  
I got all I wanted, but it don't seem right,  
There must be more to life, what am I missing,  
Thought I was secure, but I feel like I'm slipping,  
I don't know what the issue is, it's burns within,  
I don't know where the light at, it's seems to be dim,  
I don't know what the issue is, what's wrong with me,  
I don't know myself, my life, fallacy,

Chorus (0:46)

Why, are we ignorant,  
I'm gonna shout it from the roof  
Be belligerent (2x)

Verse 2 (0:58)

Why I'm cold, with black blood a crushed spirit,  
No life in my body, no purpose, no merit,  
I'm so locked up, someone pay my ransom,  
Free me from this mess or illustrate the answer,  
Can I trust myself, can I trust my wealth,  
Can I trust this false life that's lead straight to hell?  
Am I the only vampire, that wants to see the light,  
I'll close this gravestone, step up and reignite,  
I don't know what the issue is, it's burns within,  
I don't know where the light at, it's seems to be dim,  
I don't know what the issue is, go away,  
I don't know myself, my life, fallacy,

Chorus (x4) (1:34) (1:46)

Verse 3 (1: 58)

I'm tired and weary,  
Someone help me to see,  
I don't where, where I'd go,  
If I was to die today,

(2:10)

Can someone bring me hope,  
.someone bring me life,  
I've only got one chance to make things right,

(2:21)

Open Up, Bow Down,  
Turn Away, stay down,  
Have you, forgiven me,  
No, I'm enemy  
Once Chance, Make it right,  
Too late, Outta sight,  
I'm so broken,

(2:33)

Why do I feel like I'm tossed,  
Why do I feel like I'm lost,  
Please Someone help me break free,  
And turn this fear to belief,

Chorus (x4)
