

# Amira, Lonely

I dont wanna be lonely  
I whant you to be my only  
I dont wanna be lonely  
Baby tonight i m loving you u

I dont wanna be lonely  
I whant you to be my only  
I dont wanna be lonely  
I wanna spend the night with you unless you

Come inside let me answer to the phone  
Can you come inside  
I just left an open door for you  
Come inside yeaah ai oh i just left an open door for you

And then you whisper to me  
I can't stop singing your melody  
Oh your melody

I dont wanna be lonely  
I whant you to be my only  
I dont wanna be lonely  
Baby tonight i m loving you u

I dont wanna be lonely  
I whant you to be my only  
I dont wanna be lonely  
I wanna spend the night with you unless you  
Fly away..

Come inside  
Take a seat and let me show  
Let me show you why  
I ll be anything you whant  
Come inside eiaahh oh  
I'll be anything you want

And then you whisper to me  
I can't stop singing your melody  
Oh your melody

I dont wanna be lonely  
I whant you to be my only  
I dont wanna be lonely  
Baby tonight i m loving you u

I dont wanna be lonely  
I whant you to be my only  
I dont wanna be lonely  
I wanna spend the night with you unless you  
Fly away..
