

Amity Dry, Breath You In

I feel love all around me
Every sense is tuned to you
You've woken something deep inside
And made me feel brand new
And I quiver when you touch me
When you walk into the room
And I couldn't stop from falling
Even if I wanted to
So I breathe you in
And drown in this emotion
Let it roll over me
Flowing like the ocean
I melt into your arms
And let all my guards come down
I breathe you in
I look into your eyes
And I see into your soul
And I feel so hypnotized
Like I've somehow lost control
But I see you looking back at me
And I know you feel the same
So I let go and let love come down
And just take me away
So I breathe you in
And drown in this emotion
Let it roll over me
Flowing like the ocean
I melt into your arms
And let all my guards come down
I breathe you in
And it's like water to the thirsty
And it's like standing in the rain
So I breathe you in
And drown in this emotion
Let it roll over me
Flowing like the ocean
I melt into your arms
And let all my guards come down
I breathe you in
