

Ammo Poetic, Who Be The Player

INTRO *Yogi B* *Rinna*

Bringing noise like thunder
Making MCs wonder
You thought I'd let you off easy
But I'm breaking you of, breaking you off tonight

C.Loco

Never ever have I sold out or played out
I blast to the fore Dead centre I enter
I've come back for more Dangerous I am
If you try to correct me
Now the tables are turned and I am the entity
Confusion, I bring deception to steal souls
I have the industry eating out of my bowl
Behold, if you thought I'd let you off the hook
A real deal player never goes by the book
You thought you all that but you're coming up zero
No style in your rhyme but you claim you're a hero
No, (you better say your prayer)
Poetic Ammo Alliance Now who be the player

CHORUS *Yogi B*

Competition is over cos you heard what Ammo dropped
You gotta be crazy if you think that you're on top, no
It ain't about the gang or how you hustle for the dough
So don't you try so hard to be what you're not
You better get down to the ground

Point Blanc

Murderous verbal we hip hop untouchables
Unstoppable rainstorming lyrical brimstones accelerating your testosterone
The player, benoalent imposter slayer, unarmed soldier

Defy I, thou shalt die
Destiny brings forth the armies of hip hop facing the final battle
