

# Ammonia, Million Dollar Man

Angel, do you see yourself?  
Waitin' for the right descent  
Lyin' to your own self  
Why don't you just let it out?  
If you say you wanted to  
Did you move now did you move?  
Got my hands wrapped round your back  
Got to leave me I'm this mess  
Changes are all alone  
What you see seems all you've found  
What's done I've passed the test  
I'm about to fix this mess

If you say you wanted to  
Did you move now did you move?  
Got my hands wrapped round your back  
Got to leave me I'm this mess  
If I say, if I say, if I say, if I say  
If I say I wanted to  
Did you move now did you move?  
Got my hands wrapped round your back  
Got to leave me I'm this mess
