

Amoeba, Lucky Day

Look around
Make it familiar to ya
Feel the sounds
That we are pumping through ya
It might be your lucky day
So get up and make it happen lets go

Look at you
You don't know what I'm doing
You look at me
You know just what I'm thinking
I think it's my lucky day
So give in to me you know you want to

Oh baby
I want your body all over me
The way it should be

You're smelling good
Pressed up against my body
Seems like you would
Be willing to get naughty
So what are we doing here
Lets go home and entertain the neighbours

Oh baby
I've got your body all over me
The way it should be

Oh..oh..... (Oh baby, I've got your body all over me. The way it should be)
