

Amon Amarth, Without Fear

I see
Without fear my destiny
As the raging skies begins to fade
Pouring rain
Licks my wounds as my blood flows
From my torn flesh!

As I die
I hold my sword
My only friend
And pray that Oden
Will take me home

The battle rages
But I hear only raindrops falling
Like in slow motion to the ground

Death release me
Free me from my earthly pain
Odin I ask thee please
Take me home

Without fear I die!

As I look
To the sky the heaven is lit
And Valkyries in shining armour
Descend

I rest my head
On the ground
And hold my sword
And I know that Odin's
Sent for me
As I die

Without fear I die
I close my eyes
And die
Without fear
