

Amoric, No More

I hate the state when I'm not in control
I don't possess them, my mind and soul
I think I am sane, but then I could be mad
To want a thing that makes me feel so bad
Love, I don't want you no more, no more [x3]
If I don't get it, unhappiness is sure
And if I have it, it hurts me even more
My body's aching, I feel that I could die
But that's when I am undoubtedly alive

Love, I just want you once more, once more [x3]
Where can I get some? [x4]
Love, I just want you once more, once more [x3]
Where can I get some? [x7]
I won't go until I get some love
