A Dream Of Dancing Shadows

As the Nightside called for my Name
From the Land of Snow and Ice
For the Spirits are dancing with me
At the Path to the Unlight
I will never again see the Light
That has once cursed my mortal Soul
Great black Goddess I'm searching
For you to fulfil your Soul with mine
I have heard your Call in the Night
As I was standing about to fall
I have felt your Hand touching me
As I was falling so silently
Like a drunken Angel I fly
And my Eyes are burning bright
Towards the Land of Snow and Ice
Where all dead Angels lie
For this Night I've waited long
When I take your golden Crown
The Dust will take my flesh away
But I remain in Clouds of Dust
Towards the Unlight I will rise
Where only Dust and Darkness lies
Where my Soul will reign in Blood
And the Demons praise my Soul
I'm falling into a Shade of Grey
That carries my dying Soul away
Silently the Wind embraces me
And kisses me in Shades of Grey
Frozen Rivers all around
And the Forest grasps for me again
She kissed my Neck
And sipped my Blood
Touched me tenderly as I felt
Immortal I remain with her
No Light shall ever reach my Eye
The Night became a Part of me
Secret Voices call for me
Whispering Shadows carry me
Night's Embrace will make me free
Im dunklen Samt der Nacht
Wenn alles fort schl
