

# Amos Lee, What's Been Going On

No one says a word to me  
They're concerned with my jealousy  
Well, I guess that's how it's got to be from now on

Time, it swallows everything  
From the mighty to the meager thing  
It's as dark as it is comforting  
To play along

With what's been going on  
What's been going on  
What's been going on  
Around here

There goes her old beat up car  
Outside of our old favorite bar  
She'd probably in there playing her guitar with stars in her eyes

Those are some of my favorite memories all those carefree melodies  
While I'm out here on this raging sea about to capsize

With what's been going on  
What's been going on  
What's been going on  
Around here

What's been going on  
What's been going on  
What's been going on  
Around here

No one says a word to me  
They're concerned with my jealousy  
Well, I guess that's how it's got to be from now on
