Black Swan
Lyrics by Tori Amos

Ride on, ride on
friends of the black swan
ride on, ride on
do you know where she's gone

Gumdrops and saturdays
did Eric call, by the way
he knew, he knew
and he knew where the pillow goes

Ride on, ride on
friends of the black swan
ride on, ride on
do you know where she's gone

Buttercups and fishing flies
the biggest thickest ever sky
I know they know something I know

Ride on, ride on now
friends of the black swan
ride on, ride on
do you know where she's gone

Little green men do ok,
it's the fairies revenge they say
and gumdrops and saturdays
did Eric call by the way

Ride on, ride on
friends of the black swan
Ride on, ride on
do you know where she's gone

ride on
ride on
ride on
