

# Amos Tori, Sugar

Amos Tori  
Miscellaneous  
Sugar

Don't say morning's come  
Don't say it's up to me  
If I could take 25 minutes  
I'd have the record books

Sugar  
He brings me sugar

Bobby's collecting bees  
Hand hammers, he used one on me  
Cold walls, little boys  
Get in with them, bubble gum tree

And.....  
Sugar  
Bring me sugar  
And all the robins bring  
Bring me many things but....

Sugar  
He brings me sugar  
As far as I can tell  
I've been gone for miles now

And you know, and I know  
I don't know me very well

And I know, and you know  
If they found me, ah

Sugar  
He brings me sugar  
And all the robins bring  
They bring me many things but....

Sugar  
He brings me sugar  
And all the robins bring  
They bring many things but....

Sugar  
Oh, sugar...

Sugar  
Ah, Sugar

Sugar..  
You...  
Ah, ha....
