

AmperA, Jack's Song

Bought my ticket n left home
Card was blank I didn't know
What will happen far away
I just didn't want to stay.

I chew coke among the mountains
I tried tango in La Boca
I got lost in dry Santiago
I was robbed in Ipanema

Living on my own
With you
Writing all this down
For you
Living on my own
With you
Drinking up the rum
To you

I had nothing left to lose
Hit the road I was confused
Ended up in Southeast Asia
In a bed with sweet Malaysian
Broken thoughts in blurred Japan
With a local friend of mine
Million miles trip to the sun
Needed time to heal my heart

Living on my own
With you□□□x 3
Writing all this down
For you
Living on my own
With you
Drinking up the rum
To you
