

AmperA, Messiah

I don't wanna wait
Wait for a sign
Waiting for the fairness
I wasted my mind
Wanna give no promise
Do it my way
Here let's make our heaven
Brothers, sisters together

Waiting for Messiah
Makes no sense to me
We've got to live in here
Let's not waste it all

I don't need to look
Up in the sky
I don't wanna get there
Don't even try
I just wanna keep my friends
Close to my heart
I believe in goodness
Brothers, sister forever

Waiting for Messiah
Makes no sense to me
We've got to live in here
Let's not waste it all

I don't wanna wait
Wait for a sign
Waiting for the fairness
I wasted my mind
Wanna give no promise
Do it my way
Here let's make our heaven
