

# Ampop, Clown

How does it feel  
to do what you do?  
Wandering around  
in a costume that stinks  
High above the clouds  
trying to get by

You don't make me smile  
Even when you pass me by  
You can't make me smile  
It's plain and simple  
what you have to do to get by

How does it feel  
to do what you do?  
Wandering around  
In a complete misery

You don't make me smile  
Even when you pass me by  
You can't make me smile  
It's plain and simple  
what you have to do to get by
