

Ampop, Sociopath

I don't feel pain the way you do
I don't feel fear at all
I'm a sociopath

I'm a menace to society
Don't want your company
I'm a sociopath

There is nothing you can do
to change my point of view
cause I don't care about anything

I'm just a sociopath
I can't help it I am bad

I have no remorse about the past
Don't care what happens next
I'm a sociopath

Hurting people is my speciality
Breaking hearts a part of me
I'm a sociopath, I'm a psychopath
