

Ampop, Weather Report

I'll stay home today
I'll cough on the phone
I'll take a brake
I'd like to see the sun
Is the weather ever going to change?

The snow drifts ahead
The wind plays a song
I remain in bed
I'd like to see the sun
Is the weather ever going to change?
Is the weather ever going to change?

What do you anticipate?
Is this weather ever going to change?
