

# Amps, The, I am decided

Amps, The  
Pacer  
I am decided  
I'd like to fly out

Fly away from here  
I'd like to fly out  
Find you up with beers  
Fly away from here  
Man I'm stoned  
Find you up with beers  
I want to change  
Man i'm stoned  
And not make a sound  
I want to change  
I'm out of town  
And not make a sound

I'm out of town  
I am decided

I will be better to fly tonight  
I am decided

I will be better to fly tonight  
I need to learn

How you look so well  
I need to learn  
And you glow  
How you look so well  
I want to know  
And you glow  
Better watch your ass  
I want to know  
The time is moving fast  
Better watch your ass

The time is moving fast  
I am decided

I will be better to fly tonight  
I am decided  
I will be better to fly tonight
