

# Amr Diab, Kalby Ekhtarak (English Translation)

Do you know why my heart has chosen you?  
And why I am content with the torture of your love?  
Do you know why I will always love you and wish to share my life with you?  
Do you know why I cannot forget your eyes when you are away or love another?  
Because my heart believes that you are the only one for me in the world  
You are the one who made my dreams come true  
With you I began to love life  
Oh my innocent angel  
I have nothing but my life and heart to offer you
