

Amusement Parks On Fire, Ramones Book

don't matter who's there
don't go back there
don't go back there
don't go back there

not trying to say
that it's that way
that it's that way
that it's that way
that it's that way
that it's that way

walk backwards through this
without blinking
without blinking
without blinking
without blinking
without blinking
