

# Amusement Parks On Fire, Venosa

You shouldn't have to pay for this  
Cause you didn't ask for it  
You shouldn't have to pay for this  
Living is a counterfeit  
You shouldn't have to pay for this  
Cause you didn't ask for it  
You shouldn't have to pay for this  
Living is a counterfeit

You tie me to the telephone  
Make me be a slave to it  
Watching you on nights alone  
Taking down the deficit  
You tie me to the telephone  
Make me be a slave to it  
Watching all the nights alone  
Taking down the deficit

All you've ever known  
Is what they told you  
All you've ever known  
Is what they told you  
And they told you  
That you weren't safe  
Sold you to the sun

Picking up removables  
Attaching all the implements  
Walking to the ritual  
Clearing all the evidence  
Picking up removables  
Attaching all the implements  
Walking to the ritual  
Clearing all the evidence

All you've ever known  
Is what they told you  
All you've ever known  
Is what they told you  
And they told you  
That you weren't safe  
Sold you to the sun
