Daydream Car

Got no car
Got no gas to go
Got no direction
Don't even have a road
To go by
But if you want to ride with me
Inside my daydream car
If you want to ride with me
We'll stay right where we are
Got no money
Got no motorbike
Got no place to go
But please come on if you like
chorus
I can meet you later
I can meet you now
Pick you up in no time
No place like this
Hometown like religion
Get up off your knees
Friends will talk and gossip about us when we leave
chorus
