

Amy Diamond, Deserve Better

1. Talk to me now what is going on ?
i don't know what you're thinking
just look at me and tell me what is wrong
it feels so like we're faking
Remember how we used to say forever
Then you had to go and throw it all away ohh
ref. You say i'm sorry, baby
never meant to hurt you, baby
I'm like whatever i just don't care
I know I Deserve Better
you say can't believe the pain
that you never cross the line again
i'm like whatever i just don't care
I know I Deserve Better
I know I Deserve Better

2. Talk to me i just don't understand
How we made nothing out of something
if we were built like castles in the sand
then what's the point in Even trying ?
Remember how we used to say forever
Then you had to go and throw it all away yeaah
ref. You say i'm sorry, baby
never meant to hurt you, baby
I'm like whatever i just don't care
I know I Deserve Better
you say can't believe the pain
that you never cross the line again
i'm like whatever i just don't care
I know I Deserve Better
Not meant to feel like this
i won't take it anymore (I deserve better)
Tired of the mess
i was better off before (I deserve better)
ooohhhh
ref. You say i'm sorry, baby
never meant to hurt you, baby
I'm like whatever i just don't care
I know I Deserve Better x2
you say can't believe the pain
that you never cross the line again
i'm like whatever i just don't care
I know I Deserve Better
I know I Deserve Better X2
