

Amy Diamond, Fast forward

(Baby when you're gone)
It's like a bomb
Set off in my heart in my heart
(Baby when you're gone)
I'm holding on,
to love in my heart in my heart
(Baby when you're gone)
I won't wait,
so impatient for you to be with me
And time is running so slow
I just want you to know
'Cause baby I know it's crazy
How it's been lately
I just wanna fast forward to you
I know it's been raining
But we can make it
I just wanna fast forward to you
(Baby when you're gone)
There is no one
Replacing your heart your heart
(Baby when you're gone)
I come undone
I just fall apart
I won't wait...
