Amy Diamond, Fast forward

(Baby when you're gone) Ìt's like a bomb Set off in my heart in my heart (Baby when you're gone) I'm holding on, to love in my heart in my heart (Baby when you're gone) I won't wait, so impatient for you to be with me And time is runninig so slow I just want you to know 'Cause baby I know it's crazy How it's been lately I just wanna fast forward to you I know it's been raining But we can make it I just wanna fast forward to you (Baby when you're gone) There is no one Replacing your heart your heart (Baby when you're gone) I come undone I just fall apart I won't wait...
