

Amy Grant, Baby It's Christmas

Children are sleeping
tucked in their beds
the Night before Christmas
has finally been read
Everything's quiet under the tree
Baby, it's Christmas for you and for me
Let's light a candle
put on some tunes
we've got til morning
to kiss and to spoon
I know you're weary
we could both use some sleep
but, baby it's Christmas
for you and for me.
Close your eyes darlin'
I'll tell you when
I know you're wonderin'
how much did I spend?
Let's start unwrapping
ribbons and lace
I see the want to
all over your face
I'll always give you your favorite things
Baby, it's Christmas for you and for me.
