

Amy Grant, Beautiful Music

(Lanier Ferguson)

Once my life had no direction
I was lost as could be
I was caught in a whirlpool
Spinning around in misery
I needed a friend
You took me in and
You touched my heart
With your song of love
You gave me a brand new start

[Chorus:]
Now there's beautiful music
Flowin' all through me
Just like You said
Angels singing, joy bells ringing
Inside my head
Since you came inside me
Now I am lost inside Your love

You gave me just enough
To make me hunger for more of You
Now I am hooked on Your lovin'
And I don't want to break loose
With my heart in my hand
I'm Yours to command
Do what You want me to
Just never let me go
Lord I am so in love with You

[Chorus]
