

Amy Grant, Believe (Theme from Three Wishes)

Would you think that I was crazy if I said to you
I know a way that love
Can make your wildest dreams come true
All you have to do is
Believe, miracles can happen
Just imagine and believe
Open up your hear, the journey starts
When you believe
When you've had enough
And giving up was all but got you down
Sure could stand a helping hand
Get your feet back on the ground, turn your world around
Just believe, miracles can happen
Just imagine and believe
Open up your heart, the journey starts
When you believe
When your pride is trying to tell you
To do it by yourself
And you're running out of answers
And you need a little help
Believe, miracles can happen
Just imagine and believe
Open up your heart, the journey starts
Believe, miracles can happen
Just imagine and believe
Open up your heart, the journey starts
When you believe, just believe
