

Amy Grant, I Love You

(Amy Grant, Michael W. Smith, Dann Huff)

You were pretty crazy
Back when we fell in love
Wanting to be everything
That I would be proud of
Hours we spent dreaming
How we'd beat the odds
Now the truth has hit us
Life is very hard
Life can be so hard

[Chorus:]
I love you
Deeper than I ever dreamed of
I need you
Staying here 'til we can work it out
I want you
Knowing that through all the changes
I love you
Somehow I just had to tell you now

Oh to stay your princess
If I only could
If you never saw the rotten
Only saw the good
You'd still be Prince Charming
But we would never know
How it's in the darkest times
True love finally grows
Come on true love grow

[Chorus]

You got me, I got you
Sometimes it takes a little working through
But I can tell you now

[Chorus]

I love you...
