

# Amy Grant, Love Can Do

(Michael W. Smith, Amy Grant and Wayne Kirkpatrick)

Who can say  
Why she turned and walked away  
I can't see  
But she's gone away  
Sometimes love  
Means we have to stand and fight  
Everybody runs  
Everybody hides  
No this ain't the movies  
Now it's flesh and blood  
And there's one thing I'm sure of

[Chorus:]  
Hey little girl running out so fast  
Gotta stay put for love to last  
Why you gotta say  
That love has gone away  
It's not like that  
Everybody hurts when the feelings fade  
If you want 'em back  
You know you gotta stay  
No running  
Love's coming back  
Like only love can do

Love can do  
Things you never thought it could  
Mend a hurt so bad  
Make you feel so good  
Love's for fools  
Wise enough to take a chance  
Hear the music play  
Let me see you dance  
No this ain't the movies  
Now it's give and take  
And it's your heart at stake

[Chorus]  
Hey little girl running so fast  
Looking for the love you're sure will last  
Why do you have to say it  
Love has gone away  
It's not like that  
Love's not like that

[Chorus]
